## 十分關愛基金會

### 關於基金會 About the Organization

十分關愛基金會自二零零七年成立，並於二零零九年一月十五日正式在香港註冊成為一間非宗教、非政治、非牟利的慈善團體。

Ten Percent Donation Scheme Foundation was established in 2007. It was registered as a non-religious, non-political and non-profitable charitable organization in Hong Kong on 15th January, 2009.

(根據《稅務條例》第88條獲豁免繳稅檔案號碼：91/10002)

(Granted tax exemption under Section 88 of the Inland Revenue Ordinance, IR File No: 91/10002)

十分關愛基金會的緣起，是源於一眾委員在一次聚餐時爭相結賬未果，當時其中一位委員提出一個一舉兩得的處理方法：除了負責結賬的委員外，其餘委員需交出該次賬單金額的10%作為捐款。沒想到這個靈機一觸的提議，竟凝聚了一班朋友的關愛力量，他們決定成立一個基金會，積極推動慈善捐款運動。

How did our Foundation / organization begin? A group of friends, who later became the committee members of the Foundation / organization, gathered for a dinner reunion. They fought over to pay the bill. One of them finally came up with an interesting idea - everyone, except the one who paid for the dinner, would donate 10% of the total amount spent that night for charity. This simple idea pulled together the loving hearts of the founding members into the establishment of our Foundation / organization.

### 機構 (基金會) 的目標

#### Objective of the Organization (The Foundation's Objectives)

「十分關愛基金會」冀望發揮牽頭作用，鼓勵社會各界一起參與慈善運動。本會希望這份心意可以匯聚更多有能力的人士，去幫助社會上有需要的人，讓這份愛心凝聚各方力量，擴闊受惠的兒童及群組。

十分關愛基金會秉持「幫助他人幫助自己」的精神，凝聚社會各界的力量與善心，共同回饋社會。同時，本會以支持學童教育為目標，透過與其他慈善團體合作，主導或協助舉辦不同類型的支援計劃。

為了讓捐款可以接近100%全數捐贈予受惠者或機構，目前協助十分關愛基金會運作的所有委員均屬義務性質，不收取任何酬勞，務求把行政開支減至最低。

We hope that "Ten Percent Donation Scheme Foundation" to play the leading role in encouraging the general public to participate in our loving acts. We wish to influence more individuals to give their helping hands, and to support children from lower income families.

We collaborate with different charity groups, aiming to help children from poverty through better education. We also promote our belief of "Help others, help yourself", to spread love in our community through donations.

Moreover, our committee members serve on a voluntary basis, as we are doing our best to minimize administrative costs. We tend to allocate 100% of our donations to those in need.

## 主要服務 Core Services

我們相信，良好的學習環境有助兒童的學習和發展。對於經濟水平較差的家庭，一般難以為子女負擔額外的教育開支，這樣或會限制了兒童接受全面的發展機會。有見及此，本會以資助貧困學童的教育開支為方針，藉以讓學童接觸更多元的學習活動，發展他們的潛能，建立正面價值觀和態度。

本會憑藉累積十多年課後託管合作經驗，在2023年開始與天主教教區小學合辦「十分關愛友伴同行成長計劃」，這是基金會首次自行舉辦的服務計劃。透過這個計劃，為天主教教區其下五間小學的學童提供課後支援成長服務，服務對象超過100名學童。服務計劃目標是讓父母可安心外出工作，避免獨留兒童在家時發生意外，減輕基層家庭面對工作及照顧家庭所帶來的雙重壓力。服務亦為學童提供有質素的課後支援成長服務，增強自我照顧能力，本會聘請的專業導師亦提供每日的功課輔導及指導服務，協助學童解決學科上遇到的疑難。為培養及發展學童的學習興趣，幾位年青義工合作設計出一系列的「特別課程」，為基層小學生帶來豐富的學習體驗。這些課程特點包括互動、實踐和應用，通過各種形式的教學活動，如講座、討論、角色扮演、遊戲教育、實驗和藝術創作等，引導學童深入理解課程內容並將之應用於生活之中。

過去，十分關愛基金會曾與不同的機構合作舉辦「課後支援計劃」，向學童提供在放學後的安全環境和有益的學習機會，提供適切的服務來支援課後缺乏照顧的基層學童。

曾合作機構包括(排名不分先後):

香港小童群益會, St. James Settlement, YMCA of Hong Kong, 聖雅各福群會,  
香港路德會包美達社區中心, 香港婦女中心協會 等等  
服務地區包括: 荔景、長沙灣、深水埗、九龍城、何文田、紅磡、大埔、天水圍等等。

支援特殊學習障礙學生的「樹苗計劃」，此計劃所幫助的貧困學生之中，除了缺乏經濟支援外，在生活、知識或先天條件上亦有不足，導致他們在學業或其他學習上出現困難，甚至出現情緒、行為和溝通等問題，難以融入校園和社會。本會期望協助學生除了改善上述問題外，更能在他們的成長道路上得到一些支援。

曾合作機構包括(排名不分先後):

中華基督教會燕京書院, 香港小童群益會, 香港路德會包美達社區中心 等等

基金會亦曾協助內地清貧的大學生順利完成學業，為他們投身社會前作好準備。近年，我們專注向香港的基層小學生提供資助，曾與各機構合作舉辦「課後支援計劃」，讓學生獲得良好的學習環境，以及多元的發展空間和機會。

截至2025年，十分關愛基金會課後支援計劃已資助來自低收入家庭學童超過2300人。

We believe that a conducive learning environment is an important part of supporting the learning and development of children. Low-income families often find it difficult to afford additional education expenses for their kids, which may hinder children's development. The Foundation aims to subsidize the education expenses for children, so they could enjoy a more comprehensive learning environment, be exposed to diverse learning activities, and cultivate positive values and attitudes.

Our association has accumulated more than ten years of experience in after-school care, the Foundation will start cooperating with Catholic diocesan primary schools in 2023 to organize the "Ten Percent Companion Growth Supportive Service". This is the first service program organized by the Foundation itself. Through this project, after-school support and development services are provided to students in five primary schools under the Catholic Diocese, serving more than 100 students. The primary objective is to allow parents to work with peace of mind, avoiding accidents when children are left alone at home and alleviating the dual pressures faced by low-income families in balancing work and family responsibilities. Additionally, the program offers high-quality after-school support and growth services to enhance students' self-care abilities. Our team of professional tutors provides daily homework guidance and counseling services, assisting students in overcoming academic difficulties.

To cultivate and foster students' interest in learning, a group of young volunteers has collaborated to design a series of "Special Courses" that offer enriching learning experiences for underprivileged primary school students. These courses are characterized by interactivity, practicality, and applicability. Through various forms of instructional activities such as lectures, discussions, role-playing, educational games, experiments, and artistic creations, students are guided to deepen their understanding of the curriculum content and apply it to daily life.

In the past, Ten Percent Donation Scheme Foundation works with different organizations to organize the "After-school Support Program". We provide children with a safe environment and quality learning opportunities after school.

Institutions we have cooperated with include (in no particular order):

The Boys' & Girls' Clubs Association of Hong Kong, St. James Settlement, YMCA of Hong Kong, St. James' Settlement, Martha Boss Lutheran Community Centre Group, Hong Kong Federation of Women's Centres Limited. etc.

Service areas include: Lai King, Cheung Sha Wan, Sham Shui Po, Kowloon City, Ho Man Tin, Hung Hom, Tai Po, Tin Shui Wai, etc.

Promote after-school support programs and provide appropriate services to support grassroots students who lack after-school care.

Support students with specific learning disabilities - Sprout of Life Program

The "Sapling Project" supports students with special learning disabilities. Among the poor students assisted by this project, in addition to lack of financial support, they also have deficiencies in life, knowledge or congenital conditions, causing them to have academic or other learning difficulties. They may even have emotional, behavioral and communication problems, making it difficult to integrate into campus and society. The Association hopes to help students not only improve the above problems, but also receive some support on their growth path.

Institutions we have cooperated with include (in no particular order):

CCC Yenching College, The Boys' & Girls' Clubs Association of Hong Kong, Martha Boss Lutheran Community Centre Group etc.

We have helped poor college students in the mainland successfully complete their studies. In recent years, we have focused on providing financial aid to Hong Kong's grassroots primary school students. In addition, we have joined hands with various organizations to organize the "After-school Support Program", to provide children with better learning opportunities.

Since -2025, Ten Percent Donation Scheme Foundation has supported more than 2300 students in these programs.

# 《主席的話》

## 【主席卸任感言】

自 2017 年接任十分關愛基金會主席一職以來，歲月如梭，至今已默默耕耘了九個春秋。2026 年，基金會順利迎來新一屆委員會交接，我也將正式卸任主席職務。驀然回首，這九年光陰裡充滿了無盡的感恩與感動。能與各位委員、同仁、義工、捐款善長，以及廣大合作學校與機構並肩作戰，陪伴無數基層學童成長，是我人生中最珍貴且自豪的歷程。

## 恪守初衷：以溫暖陪伴，點亮逆境曙光

十分關愛基金會自 2007 年創立以來，始終恪守「扶助學童教育」的宗旨，貫徹「助人自助」的精神。九年前剛接任時，我深切體會到社會上仍有許多孩子因家庭資源缺乏，正獨自面對逆境的挑戰。物質上的援助固然重要，但身體力行的陪伴與真摯的人際關懷，更是賦越孩子們翻轉命運的正能量。

## 逆風前行：疫情籠罩下的堅守與擔當

回顧這九年，最艱巨的考驗莫過於新冠疫情襲港的歲月。當時百業受壓，社會瀰漫著不確定性，不少慈善機構因資源短缺被迫暫停實體籌款與服務。然而，十分關愛基金會選擇逆風前行。我們憑藉過去十多年積累的資源與儲備，堅守「服務絕不間斷」的承諾！我們持續為困境家庭的小學生發放抗疫物資與課後支援，並在疫情退去、社會復常之際，火速展開更具前瞻性的長期服務佈局。

## 深化服務：推動旗艦計劃，擴大社會效益

2023 年，基金會邁出了具里程碑意義的一步——正式發起並推行「十分關愛友伴同行成長計劃」。這項計劃由基金會團隊一手打造，從概念構思、學校對接到導師招募，與天主教教區小學展開長達數年的深度合作。我們不僅為孩子提供課後輔導，更為基層學童開啟通往廣闊世界的大門。計劃推行至今成果斐然，贏得了校方與家長的高度的肯定，亦將基金會的服務規模與影響力推升至全新高度。

我們更特別邀請了完全由中學生自主營運的公益夥伴——「10% After School Care」青年義工團隊，為孩子們量身打造涵蓋 STEM、金融理財、環球健康、工程及視覺藝術等多元特別課程。這群優秀的年輕人深信，優質教育與品格培養對孩子的長遠發展至關重要。他們以行動實踐使命，讓基層孩子也能獲得豐富的教育資源，進一步落實教育平權。本年度，該計劃受惠的小學生已達 112 名。

# 《主席的話》

目前，已有超過 80 位來自多所頂尖中學的青年義工投入服務，包括：

- 哈羅香港國際學校、聖保羅男女中學、喇沙書院、香港國際學校、西島國際學校、滬江維多利亞學校，以及英國溫徹斯特公學（Winchester College）等。

## 廣結善緣：深耕社區，築起愛心橋樑

創會至今，基金會與香港天主教教區及保良局等機構緊密合作，服務共 7 所小學，累計扶助超過 879 名學生，合作學校包括：

- 聖嘉祿學校、慈雲山天主教小學、石籬聖若望天主教小學、天主教佑華小學、天主教領島學校、聖伯多祿天主教小學、保良局蕭漢森小學。

此外，我們的愛心網絡亦延伸至基督教香港信義會信愛學校、港九街坊婦女會孫方中小學、聖巴拿巴會之家，乃至遠在海外的尼泊爾山區兒童之家等機構。

在任期間，除了深耕學業支援，我們亦積極辦理社區捐助、走訪關懷，並與保良局等機構合辦慈善電影放映會（如《誤判》電影專場），特別邀請製作團隊與政府官員蒞臨分享，引導青年建立正向價值觀。每當看著孩子們從最初的怯懦羞澀轉為自信開朗，這份改變正是支撐我九年來堅持不懈的最大動力。

## 感恩同行：薪火相傳，愛心生生不息

在此，感謝各大傳媒朋友歷年來的記錄與報導，更要致以最深切的謝意予每一位長期支持本會的善長與委員夥伴。是您們的無私奉獻，築起了這座連接希望與愛心的橋樑。

自創會以來，本會累計籌集並發放了超過 5,000 萬港元善款，惠及超過 2,300 個本地學生家庭。這份成績雖不敢自滿，卻足以讓每一位「十分關愛」的參與者深感自豪！

雖然我即將卸下主席職務，但我對十分關愛基金會的信心與熱情永不減退。我相信在新一屆主席及委員會的卓越領導下，基金會定能繼往開來，將溫暖傳遞至更多學校與低收入家庭，持續拓展受惠群體，為阻斷隔代貧窮貢獻心力。我亦會與一眾委員繼續堅守後盾，願「十分關愛」的火種薪火相傳，生生不息！

# Chairman's Message

## **[Message of Appreciation on Stepping Down as Chairman]**

Since assuming the role of Chairman of the Ten Percent Donation Scheme Foundation in 2017, time has flown swiftly, marking nine wonderful years of dedicated service. As the Foundation seamlessly transitions to its new Executive Committee term in 2026, I will officially step down from my position. Looking back over these nine years, my heart is filled with boundless gratitude and profound pride. Standing shoulder-to-shoulder with our committee members, staff, volunteers, generous donors, and numerous partner schools and organizations to accompany underprivileged children in their growth has been one of the most precious and fulfilling chapters of my life.

## **Upholding Our Original Mission: Igniting Hope Through Presence and Care**

Since its founding in 2007, the Ten Percent Donation Scheme Foundation has remained steadfast in its core mission of "Supporting Children's Education" and the enduring spirit of "Helping People Help Themselves." Nine years ago, upon taking the helm, I deeply recognized that many children in our society face life's harsh headwinds due to a lack of family resources. While material aid is essential, hands-on companionship and genuine human connection provide the empowering force needed to help these children transform their destinies.

## **Moving Forward Against the Wind: Steadfast Commitment Amid the Pandemic**

Reflecting on these nine years, the most formidable test was undoubtedly the pandemic years that impacted Hong Kong. As industries faced severe adversity and uncertainty clouded society, many charitable organizations were forced to suspend physical fundraising and operations due to resource constraints. Yet, the Ten Percent Donation Scheme Foundation chose to press forward against the wind. Drawing upon our accumulated resources and reserves built over a decade, we honored our pledge that "service never stops." We continuously supplied relief items and after-school academic support to children from low-income families. As the pandemic receded and life returned to normal, we swiftly executed a forward-looking, long-term strategic layout.

## **Deepening Our Reach: Pioneering Flagship Initiatives for Broader Social Impact**

In 2023, the Foundation marked a milestone achievement by initiating and implementing the "Ten Percent Companion Growth Supportive Service". Developed entirely in-house—from initial conceptualization and school outreach to mentor recruitment—the program forged multi-year, deep partnerships with Catholic primary schools. Beyond providing after-school homework guidance, we opened doors to a vastly wider world for these young learners. The program achieved extraordinary success, winning widespread praise from schools and parents while elevating our service footprint and social impact to new heights.

We further invited "10% After School Care"—a dynamic youth volunteer team operated independently by secondary school students—to craft specialized curricula covering STEM, financial literacy, global health, engineering, and visual arts. Driven by the firm conviction that quality education and character formation are vital to a child's long-term growth, these inspiring youth took direct action to advance educational equity for underprivileged children. This year, the program benefited 112 primary school students.

## Chairman's Message

Today, over 80 youth volunteers from leading secondary schools have actively joined us, including:

- Harrow International School Hong Kong, St. Paul's Co-educational College, La Salle College, Hong Kong International School, West Island School, Victoria Shanghai Academy, and Winchester College in the UK.

### **Building Local Connections: Deepening Community Roots and Building Bridges of Love**

Since our inception, the Foundation has built close partnerships with institutions such as the Catholic Diocese of Hong Kong and Po Leung Kuk, serving a total of 7 primary schools and supporting over 879 students. Our partner schools include:

- St. Charles School, Tsz Wan Shan Catholic Primary School, Shek Lei St. John's Catholic Primary School, Yau Ma Tei Catholic Primary School (Hoi Wang Road) / Our Lady of China Catholic Primary School, Ling To Catholic Primary School, St. Peter's Catholic Primary School, and Po Leung Kuk Siu Hon Sum Primary School.

- Additionally, our network of care extends to ELCHK Faith Love Lutheran School, HK & KLN Kaifong Women's Association Sun Fong Chung Primary School, St. Barnabas' Society and Home, and even internationally to a children's home in the mountainous region of Nepal.

Throughout my tenure, beyond academic guidance, we actively organized community outreach, home visits, and charitable movie screenings (such as the special screening of *The Unlawful Truth*) in partnership with Po Leung Kuk. We had the honor of hosting the film production team and government officials to inspire positive values among youth. Seeing children transform from timid and reserved to confident and radiant has been the ultimate driving force behind my nine years of perseverance.

### **Grateful for Your Partnership: Passing the Torch to Keep the Flame Alive**

I wish to extend my heartfelt thanks to our friends in the media for their coverage over the years, and express my deepest appreciation to every long-term donor, committee member, and partner. Your selfless dedication built this strong bridge connecting hope and love.

Since our founding, the Foundation has raised and distributed over HK\$50 million in donations, benefiting more than 2,300 local student families. While we remain humble, these achievements fill everyone at the 10% Charity Foundation with immense pride.

As I step down from the chairmanship, my confidence in and passion for the Foundation remain as strong as ever. I am confident that under the exceptional leadership of the incoming Chairman and Executive Committee, the Foundation will build on its legacy, bring warmth to even more schools and families, broaden its reach, and help break the cycle of intergenerational poverty. Together with my fellow committee members, I will continue to stand as a steadfast supporter, ensuring that the spark of "10% Care" continues to shine brightly for generations to come!

# 《主席的話》(新一屆)

各位尊敬的善長、合作伙伴、義工朋友：

大家好。我是十分關愛基金會的新任主席蘇達文David。能夠在這個別具意義的崗位上服務，既是一份榮耀，更是一份沉甸甸的責任。在此，我謹代表基金會，向歷屆委員會的無私奉獻、各位善長多年來的鼎力支持，以及每一位默默付出的義工，致以最衷心的感謝。

十分關愛基金會的誕生，源於一個溫暖而簡單的念頭——2007年，一眾委員在一次聚餐中爭相結賬未果，有人提出了一個一舉兩得的解決方法：除負責結賬的委員外，其餘委員付出該次消費額的10%作為捐款用途。這個靈機一觸的提議，凝聚了一班朋友的關愛力量，基金會就此成立。2009年，基金會正式成為香港政府認可的非牟利慈善團體。名字中的「十分」，既是那個10%的故事，更代表著我們對慈善事業「十分」的專注、「十分」的投入，以及「十分」的堅持。

十多年來，我們基金會始終堅持一個信念：幫助他人，幫助自己。我們相信，每一分善款都應該用得其所。為此，基金會所有委員均屬義務性質，不收取任何酬勞，力求將行政開支減至最低。

香港雖然是物質富裕的國際都會，但貧富懸殊問題一直嚴峻。根據政府統計，本港兒童貧窮率一度達到17.8%，即大約每五至六個兒童就有一個活在貧窮線下。貧窮不僅意味著物質的匱乏，更意味著發展機會的流失——低收入家庭難以為子女提供足夠的學習資源和課外發展機會，令貧窮無奈地延續至下一代。

有見及此，我們一直聚焦於「教育脫貧」這個使命。我們深信，教育是改變命運最有力的鑰匙。幫助一個孩子接受良好的教育，不僅改變他個人的未來，更可能改變一個家庭的命運，進而為社會注入向上流動的力量。

在過去十多年的努力下，基金會已累積了不少成果。我們曾協助內地清貧大學生完成學業，支持「中國希望工程之圓夢行動」及「十分關愛冷泉村青少年希望社區」等項目；在香港，我們與多間社福機構合作，舉辦「課後支援成長計劃」向學童提供在放學後的安全環境和有益的學習機會及「樹苗計劃」支援特殊學習障礙學生。

近年，我們更舉辦「十分關愛友伴同行成長計劃」。此計劃與多間天主教小學合作，為缺乏家庭照顧及低收入家庭的學童，提供優質、多元的課後託管服務。基金會更聘請了專業導師從旁指導功課，解決學術疑難；完成學術部分後，更會帶領學童參與棋藝、桌上遊戲、閱讀圖書、互動說故事、觀看教育影片、進行互動小遊戲、唱歌等中學生義工團隊更每週一次到訪學校，帶領學生參與STEM科學實驗、工藝美術等多元活動，培養興趣與自理能力。

令我深受感動的是，參與計劃的義工當中，不少是成績優異的中學生，甚至來自國際學校。他們自發運用課餘時間擔任義務導師，從學生的需要出發，設計出一系列實用而有趣的特別課程。這種「大哥哥、大姐姐」式的陪伴，讓受助學童感受到溫暖與榜樣的力量。更令人欣慰的是，有家長分享，參加計劃後，孩子的學業成績大有進步，一家人關係也大大改善——家長下班後毋須再督促功課，可以專注關心孩子的校園生活，彼此的距離拉近了。而這些真實的改變，正是我們堅持下去的動力。

展望未來，我們將在既有基礎上，進一步拓展服務的深度與廣度。第一，我們會繼續深化「課後支援成長計劃」，將服務擴展至更多地區，讓更多基層學童受惠。第二，我們將加強與學校、社福機構及企業的協作，凝聚更多社會資源，共同推動教育脫貧。第三，我們會持續優化計劃課程的內容，加入更多不同領域的知識、生命教育、藝術創作等元素，讓學生不僅在學業上進步，更能培養健全的品格與視野。

各位朋友，慈善不是一個人的事，而是整個社會的事。正如我們的宗旨所言——「推廣幫助他人、幫助自己」的精神。當我們伸出援手幫助有需要的人時，其實也在豐富自己的生命，讓社會變得更溫暖、更有希望。

我衷心期盼，有更多有愛心嘅社會賢達可以加入我們的行列，無論是捐款或者物資，還是成為我們義工導師，每一分力量都彌足珍貴。讓我們攜手同行，以「十分」的愛心與行動，為基層學童點亮前路，讓他們不再因貧窮而失去追夢的機會，讓每一個孩子都能在關愛中茁壯成長，成為社會未來的棟樑。

最後，再次感謝各位多年來信任與支持。我承諾，將秉持基金會一貫的謹慎理財原則，確保每一分善款都用得其所。願我們一起，用愛心改變生命，用行動創造未來，多謝大家！

蘇達文

# Message from the New Chairman

Dear Distinguished Donors, Partners, and Volunteers,

Greetings. I am David So, the newly appointed Chairman of the Ten Percent Donation Scheme Foundation. Stepping into this deeply meaningful role is both a profound honor and a significant responsibility. On behalf of the Foundation, I extend my most heartfelt gratitude to our past Board of Directors for their selfless dedication, to our generous donors for their long-standing support, and to every volunteer for their untiring contributions.

The Ten Percent Donation Scheme Foundation originated from a warm and simple gesture. In 2007, during a dinner gathering, a group of founding members vied to settle the bill without consensus. A creative solution emerged: while one member settled the bill, all other attendees donated 10% of their equivalent expenditure to charity. This spontaneous idea united a network of friends around a shared vision of benevolence, giving birth to our Foundation. In 2009, the Foundation was officially recognized by the Hong Kong Special Administrative Region Government as a tax-exempt charitable organization. The word "Ten Percent" in our English name (reflecting the Chinese title "10 percent" ) not only commemorates that initial 10% contribution, but also symbolizes our absolute commitment, total dedication, and unwavering perseverance in charitable work.

For over a decade, our Foundation has steadfastly adhered to one core principle: *"Helping others is helping oneself"*. We believe that every dollar donated should be utilized to its fullest extent. To ensure this, all Board members serve entirely on a voluntary basis without remuneration, keeping administrative expenses to a minimum.

Although Hong Kong is an affluent international metropolis, wealth disparity remains a pressing issue. According to official statistics, Hong Kong's child poverty rate reached 17.8% at its peak—meaning approximately one in every five to six children lived below the poverty line. Poverty entails not only material deprivation but also the loss of developmental opportunities, as low-income families struggle to provide adequate educational resources and extracurricular enrichment, thereby perpetuating intergenerational poverty.

In light of this challenge, we have consistently focused our mission on *"Poverty Alleviation through Education"*. We firmly believe that education is the most powerful key to altering one's destiny. Enabling a child to receive quality education not only transforms their individual future, but also elevates their family's circumstances, fostering upward social mobility within our society.

Through sustained efforts over the past decade, the Foundation has achieved meaningful milestones. We have assisted underprivileged university students in Mainland China in completing their degrees, supporting initiatives such as the "China Hope Project – Dream Fulfillment Action" and the "Ten Percent Lengquan Village Youth Hope Community". In Hong Kong, partnering with various social welfare organizations, we have organized the "After School Support Programme" to provide students with a safe environment and enriching learning opportunities after school, as well as the "Sapling Scheme" to support children with specific learning difficulties.

In recent years, we established the "Ten Percent Companion Growth Supportive Service". In collaboration with multiple Catholic primary schools, this program provides comprehensive, high-quality after-school care services for children from low-income families and those lacking adequate family supervision. The Foundation engages professional tutors to offer academic guidance and resolve learning difficulties. Following academic sessions, children engage in holistic

developmental activities, including chess, board games, reading, interactive storytelling, educational media, group games, and music. Furthermore, a team of secondary school volunteers visits weekly to lead hands-on STEM experiments, arts, and crafts, nurturing student interests and self-reliance.

I am deeply moved by the dedication of our volunteers, many of whom are high-achieving secondary and international school students. They voluntarily devote their spare time to act as mentors, designing practical and engaging special courses tailored to the students' needs. This "older brother and sister" companionship provides not only warmth but also inspiring role models. Remarkably, parents have shared that participating children have shown marked academic improvement and enhanced family relationships—parents no longer need to spend stressful evenings monitoring homework and can instead focus on quality family bonding. These tangible transformations fuel our continued perseverance.

Looking ahead, we will build upon this solid foundation to expand the depth and breadth of our services:

1. **Deepening Core Programmes:** We will expand the "After-School Growth Support Programme" to additional districts across Hong Kong, extending our reach to a greater number of underprivileged children.
2. **Strengthening Cross-Sector Collaboration:** We will enhance partnerships with educational institutions, social welfare organizations, and corporate partners to mobilize social resources in our collective push for poverty alleviation through education.
3. **Enriching Curriculum Quality:** We will continuously refine our curriculum by integrating multidisciplinary knowledge, character education, and creative arts, fostering holistic personal development alongside academic excellence.

Charity is not the endeavor of a single individual, but the collective commitment of the whole community. As our motto emphasizes—"*Promoting the spirit of helping others and helping oneself*". When we extend a helping hand to those in need, we enrich our own lives and cultivate a warmer, more compassionate society.

I sincerely hope that more community leaders and philanthropists will join us. Whether through financial contributions, material support, or serving as volunteer mentors, every contribution is invaluable. Let us walk hand in hand, with "10%" devotion and action, to illuminate the path for underprivileged children—ensuring they are never deprived of their dreams due to poverty, and empowering them to grow into the future pillars of society.

In closing, I express my sincere gratitude for your continued trust and encouragement. I promise to uphold the Foundation's principle of prudent financial management, ensuring every donation is applied responsibly and effectively. Together, let us transform lives with compassion and shape the future through action.

**David So**  
New Chairman

計劃於2023年推行到現在，累計已經服務了超過300名學生。本年度計劃為五所小學，合共為100名學童提供課後支援。

計劃服務期由每年10月開始至翌年6月完結。

本年參與合作的天主教教區小學包括(排名不分先後)：慈雲山天主教小學、石籬聖若望天主教小學、天主教佑華小學、天主教領島學校及聖嘉祿學校。

在這期間，基金會十分感謝各校校長和統籌人員的協助，使得這項計劃能夠順利舉辦成功。

## 十分關愛基金會舉辦課後支援成長服務目標、對象及計劃理念

課後支援成長服務計劃的理念是援助有需要的家庭，而父母可安心外出工作。計劃旨在訓練學童的自理能力，避免獨留兒童在家時發生意外，同時亦避免他們在課餘時在外流連而受到不良群體的誘惑及騷擾，減輕基層家庭面對工作及照顧家庭所帶來的雙重壓力。基金會以資助香港貧困學童的教育為宗旨，為學童提供更全面的學習環境，讓他們為未來的發展作好準備，亦希望藉此改善跨代貧窮問題。

十分關愛基金會-天主教教區小學課後支援成長服務計劃為期六年，服務計劃目標是向學童提供有質素的課後支援成長服務，輔導學童制定較規律的生活習慣和課餘作息，增強自我照顧能力。培養及發展學童的學習興趣，加強學童社交技巧及解決問題的能力。此外，服務亦為學童提供每日的功課輔導及指導服務，協助學童解決學科上遇到的疑難。小朋友從小建立平衡規律的學習模式，每日按時完成功課及溫習，這將有助他們提升學習信心和主動性。除協助學童解決功課相關的疑難外，基金會亦非常重視個人素質的培養。通過導師與學生家長的定期緊密溝通，了解學童其他方面的需要，期望小朋友在成長過程中得到更好的支援，加強各家庭功能的發揮。

### 做功課及溫習（約60-120分鐘）：

導師指導學生完成當天的功課，解答他們的疑問，並提供必要的輔助。

學生遇到複雜的問題，導師會跟據學校教材或給予進一步的指導，以加強學生對課題的理解與掌握。

為了讓家長了解學生在課程計劃中的情況，每位學生獲派一本學生手冊。透過學生手冊能有效地讓導師與家長溝通，讓家長更好地了解學生的功課和上課情況，並向家長提供一些建議，如鼓勵定期檢查功課、與學生談論學習的喜悅等，以提升學生的積極動力。協助家長與學童建立規律的功課時間、提供學習環境的支援。當學生在個別科目感到困難、對某個課題缺乏興趣或出現集中注意力困難等，導師也提供建議給家，給予適當的協助。

### 活動時間（約30-60分鐘）：

學生需要還原桌子和椅子的擺放，清理垃圾，整理自己的學習用品。

這項活動也有助於學生培養良好的衛生習慣和維護整潔環境的意識。

導師會按照以上時間分配，帶領學生進行茶點及休息、功課溫習、活動和清潔課室等一系列的活動，以幫助學生全面發展和提升他們的學習能力和生活技能。

這項計劃是基金會與天主教教區小學攜手合作的重要項目，旨在為低收入家庭的學生提供課後支援及成長計劃服務，讓缺乏家人照顧的學童能夠在學習及身心成長上獲得關注及支援，讓雙職父母能外出工作，加強學童自理能力，建立自信心，引導學童正面思維，培養正面的價值觀和懂得關心社會。

課程期間本會將密切關注計劃的運作和學生們的學習情況，並根據實際狀況適度進行調整和改進。希望這項計劃能夠得到學生和家長的支持和認同。

基金會亦期望每年籌得更多的善款，將計劃擴展至天主教教區的55所小學，讓更多有需要的家庭也能獲得課後支援及成長計劃服務。我們希望讓學童感受到真切的關懷，讓經濟水平較差的家庭得到幫助，讓學童能夠茁壯成長，成為社會未來優秀的棟樑，並教育他們在能力範圍內服務社群、貢獻社會，發揮助人自助的精神。

## Ten Percent Donation Scheme Foundation organizes after-school support and growth services. Goals, objectives and program concepts

The purpose of the after-school support and growth service program is to help families in need, while parents can go out to work without worries. The program aims to strengthen the self-care ability of children and prevent accidents when they are left alone at home. It also helps prevent them from hanging out with the wrong crowd in their spare time. It helps to provide relief for the grassroots parents under pressure. The Foundation aims to subsidize the education of children from the low-income families in Hong Kong, provides them with a more comprehensive learning environment, prepare them for future development, and hope to improve the problem of intergenerational poverty.

## Catholic Diocesan Primary School & Ten Percent Donation Scheme Foundation

The 6-year after-school support and growth service program aims to provide quality after-school support and growth services to students, guide them to develop more regular living habits and after-school routines, and enhance their self-care abilities. Cultivate and develop students' interest in learning, and enhance their social skills and problem-solving abilities. In addition, we help the students by providing tutoring support and guidance, helping them to solve the difficulties they encounter in their subjects. Children should develop a balanced and regular learning pattern from an early age, and complete homework on time everyday. This will help them enhance their confidence and initiative in learning. In addition to helping students solve homework-related issues, we also attach great importance to the cultivation of personal qualities. Through regular communications between tutors and parents, we wish to understand other needs of students, hoping that they can be better supported, and parents can support and cooperate together effectively.

## Services include:

1 supervisor and 4 tutors carry out the following activities every day with the students. The daily schedule is as follows:

**Refreshments and rest (about 15 minutes):**

Students can enjoy a free refreshment arranged by the Foundation. After taking a break, they will have relaxed conversations with their tutors and classmates.

**Homework and review (about 60-120 minutes):**

Tutors will provide appropriate guidance for students, and to answer questions when they are stuck with homework.

When students encounter complex subjects, tutors will provide techniques to help them better understand the topics, and effectively explain to them.

In order to let parents understand how their children are doing, the handbook lays the foundation for effective communication. The handbook can effectively allow parents to better understand their homework and class status, and provide parents with suggestions, aiming to enhance students' positive attitude. If students have difficulties in certain subjects, lack interest in a certain topic, or lack of concentration and focus on lessons, tutors also provide suggestions and appropriate assistance.

**Interactive activities (about 30-60 minutes):**

These interactive classroom activities give students the opportunity to develop their interests, social skills, and other skills.

These activities include storytelling, handcraft making, chess skills, table games, reading books, watching educational videos, playing interactive games, singing, etc.

These activities promote students' creativity, collaboration and problem-solving skills.

**Tidy up + clean the classroom (about 10 minutes):**

Tutors teach students how to tidy up and clean classrooms, cultivating students' personal qualities, sense of responsibility and self-care abilities.

Students need to restore the arrangement of tables and chairs, clean up trash, and organize their personal belongings. This activity also helps students develop good hygiene habits and awareness of maintaining a tidy environment.

In accordance with the above time allocation, tutors will lead students to conduct a series of activities such as tea breaks, homework review, activities and classroom cleaning. These activities help students to develop their skills, to explore their interests and personalities and demonstrate their skills.

## Ten Percent Companion Growth Supportive Service

This program is an important project designed to foster collaboration with Catholic Diocese primary schools. It aims to provide after-school support and growth planning services to students from low-income families, so that students who lack family care can get attention and support in learning and mental growth while their parents are at work. The program also aims to strengthening children's self-care ability, building self-confidence, and to help them develop a positive attitude.

The Foundation will assess the program from time to time. To ensure that effective learning and expectations are met, we do progress monitoring and make adjustments to the program when necessary. We hope the families recognize the positive impact the program makes to their children.

Lastly, the Foundation hopes to raise more funds every year, and expands the program to 55 primary schools in the Catholic diocese, so that more families in need can receive after-school support and services. Children are the future, hope and pillars of our community, and we hope to let children in low-income families feel loved and supported. The healthy development of children is crucial to future well-being of our society.

## Ten Percent Companion Growth Supportive Service III - Special courses

An enthusiastic team of young secondary school students collaborated to design a series of interesting curriculum activities for the primary school students in five Catholic schools. The Foundation is very grateful to these young volunteers for their involvement, helping to develop a series of courses, to enrich the learning experience of the students. The characteristics of these courses include interaction, practice and application. Through various forms of activities, such as lectures, discussions, role playing, games education, experimentation and artistic creation, these help students to enhance their personal growth and develop their potential.

Following extensive research into rapidly growing societal demands, we have meticulously designed the following courses. Developed by our professional team, all curricula have been thoroughly reviewed and approved by our partner schools.

### The 5-unit courses consist of 6 lessons in each unit:

**Unit 1: Concepts in financial and money management, and home safety knowledge.**

In this unit, we provide an understanding of the concept of money, such as savings, borrowing and debt, as well as charitable donation and financial fraud. They will also learn about internet safety, to understand how to prevent data breaches, as well as what to do if they encounter critical situations when they are left alone. Students can enjoy interactive training, as the course covers a variety of contexts, including lectures, discussions, role-playing and game education, etc. It aims to introduce the course content in a simple and easy-to-understand manner, and help students to participate and interact through the simulation of real-life scenarios, and set questions to let them think and apply the skills.

**Unit 2: STEM Science Experiments.**

In this unit, students will explore the five senses including sound, taste/smell, sight, and touch through interactive games. This helps cultivate students' love and curiosity for science, providing them to learn in a stimulating environment through fun and interactive experiences. The content of this unit is centered on experiments, and students will experience science through a fun and interactive environment. Classic experiments, such as elephant

toothpaste, paper volcanoes, lava lamps and density towers, allow students the opportunity to explore, which helps increase their interest in scientific experiments, and lay the foundation for more in-depth science learning in the future.

**Unit 3: Arts and Crafts Courses.**

This unit is designed to inspire students' creativity and allow them to explore topics that interest them through art, architecture, origami, and more. This unit will inspire students to pursue art and enhance their skills to express their creative thinking. Students can create according to their own interests and themes, and experience the joy of free expression and creation of artworks.

**Unit 4: Global health module**

This unit teaches students about the importance of maintaining habits, maintaining hygiene, preventing disease and understanding the value of proper nutrition and regular exercise. Global health education can help familiarize elementary school students with pressing health issues, including disease, health care accessibility, hygiene, and nutrition. This enhances understanding of the health challenges faced around the world and how individuals/communities from different countries overcome these challenges, incorporating a variety of disciplines including science, geography, social studies and ethics.

**Unit 5: Engineering module**

The purpose of this unit is to introduce students to engineering concepts and manufacturing for the first time, the uses and functions of simple machines, introduction to components and assembly, operating principles and functions of renewable energy, introduction to space exploration engineering and rockets, water purification and filtration and environmental engineering, Aerospace Engineering Aircraft Principles and Testing. Understanding engineering background benefits our world.

The 2025 - 2026 Ten Percent Companion Growth Supportive Service III has expanded its curriculum to encompass Law, music, and disease prevention. These new additions broaden children's horizons with up-to-date knowledge.

This series of courses brings rich and interesting learning experiences to Catholic primary school students, helping them develop their abilities and potential in money management, scientific exploration and artistic creation. The goals of these courses are to inspire students to learn, develop their interests and skills, and lay a solid foundation for their future learning and growth.

## 十分關愛友伴同行成長計劃 III 聖誕探訪活動

聖誕佳節將至，本應是歡聲笑語的時刻，但鑑於大埔宏福苑早前發生的嚴重火災，受災同胞的處境讓人牽掛，合作學校亦希望低調度過節日。因此，十分關愛基金會調整活動形式，以「簡約溫馨、傳遞初心」為原則，開展「十分關愛友伴同行成長計劃 III 聖誕探訪」，用質樸的關懷溫暖每一位基層學生。

是次活動，基金會副主席 蘇達文先生亦親臨學校，不僅接受了同學們精心製作的聖誕卡，每一張都承載著童真與感恩，更與校長、學校老師團隊簡短座談，傾聽學生們的需求與心聲，確保後續幫扶工作更貼近實際。

不同於往年的熱鬧派對，是次本會準備了簡單便餐與實用小禮物，希望透過這份「低調的溫暖」，讓學生們明白：聖誕的意義不僅在於慶祝與收穫，更在於珍惜眼前的幸福、體恤他人的困境。基金會也藉此機會，引導同學們關心社會上有需要的人，讓愛與同理心在心中萌芽。

聖誕的溫暖，從不僅僅源於華麗的儀式；真正的關愛，是在別人需要時送上的一份體貼與堅持。十分關愛基金會始終相信，每一份微小的善意都能匯集成力量，陪伴孩子們在成長路上勇敢前行。願這份簡單卻真摯的祝福，伴隨同學們度過一個有意義的聖誕，也願愛與關懷能跨越困境，溫暖更多人的心。

## Ten Percent Companion Growth Supportive Service III Christmas Visiting Activities

The festive season of Christmas is traditionally a time of joy and celebration. However, following the recent devastating fire at Wang Fuk Court in Tai Po, our thoughts remained deeply with the affected residents. In light of this, our partner schools expressed a collective wish to observe the holiday with quiet reflection. Adhering to the core principle of "simplicity, warmth, and returning to our original mission," the Top Love Foundation mindfully adjusted the format of its "Ten Percent Companion Growth Supportive Service III" to launch a special Christmas Visit, bringing sincere comfort and care to grassroots students.

We were honored to have Mr. David So, Vice Chairman of the Foundation, personally visit the school for this occasion. During the visit, he accepted beautifully handcrafted Christmas cards from the students - each one carrying innocent gratitude and heartfelt blessings. Mr. So also held a brief seminar with the principal and the teaching faculty to listen firsthand to the challenges and needs of the students, ensuring that our subsequent support initiatives remain practical, targeted, and impactful.

In a departure from the lively parties of previous years, the Foundation prepared a simple meal and practical gifts for the students this year. Through this gesture of "quiet warmth," we aimed to impart a deeper meaning of Christmas: that the true spirit of the season lies not only in celebration and receiving, but also in cherishing our current blessings and empathizing with those in adversity. The Foundation leveraged this opportunity to encourage students to look beyond themselves, care for vulnerable groups in society, and allow seeds of love and empathy to take root in their hearts.

Our Commitment True warmth during Christmas never stems from extravagant rituals; authentic care is found in the steadfast commitment to offer comfort precisely when others need it most. The Top Love Foundation firmly believes that every small act of kindness aggregates into a powerful force, empowering children to walk courageously on their journey of growth. May this simple yet profound blessing accompany our students through a meaningful holiday, and may love and compassion transcend all hardships to warm the hearts of many more.

# 十分關愛友伴同行成長計劃 III - 例行探訪

每一次的探訪，基金會都會帶著滿滿的關懷與期待，走進「十分關愛友伴同行成長計劃」旗下的不同校園，展開溫暖的例行探訪活動。

基金會委員也會抽空一同來到課堂旁，他們卸下平日繁忙的公務，安靜地來到課堂一角旁聽，近距離觀察學生們上課的模樣。同時，也與校長、主任深入交流，透過親自巡視課程進展，細心聆聽校園的實際需求及了解學生們的學習點滴。

在探訪的過程中，最令人動容的莫過於孩子們對知識的渴望。看見學生們認真書寫的身影，聽到導師們細心指導的聲音，更堅定了本會持續關注教育、陪伴低收入家庭孩子成長的決心。未來也會繼續用行動守護每一份學習的熱情，用愛守護每一個孩子的成長之路。

教育，是改變命運的鑰匙；陪伴，則是注入心靈的力量。

「十分關愛友伴同行成長計劃」推行至今，因為有各方的信任與支持，才能讓愛心在校園裡生根發芽。

走進校園的腳步不會停歇。未來，基金會將繼續用實際行動守護每一份珍貴的學習熱情，做學童們最堅實的後盾。本會期許自己不僅是資源的提供者，更是他們成長路上的「友伴」，用愛點亮微光，守護每一個孩子的成長之路，陪伴他們勇敢地飛向更廣闊的天空。

## Ten Percent Companion Growth Supportive Service III Routine Visit

Each month, the Foundation brings its utmost care and high expectations to various campuses under the "Ten Percent Companion Growth Supportive Service" embarking on warm and routine visiting activities.

Members of the Foundation's Executive Committee also take time out of their demanding schedules to join these visits. Stepping away from their busy daily responsibilities, they quietly observe from a corner of the classroom, witnessing firsthand how the students engage in their lessons. Concurrently, they engage in in-depth exchanges with principals and directors. By personally reviewing the progress of the curriculum, committee members attentively listen to the practical needs of the schools and gain a comprehensive understanding of the students' learning journeys.

During these visits, nothing is more deeply moving than the children's profound thirst for knowledge. Witnessing the students writing with such diligence, and hearing the instructors provide patient and meticulous guidance, further strengthens the Foundation's resolve to remain dedicated to education and to accompany children from low-income families as they grow. Looking ahead, we will continue to safeguard every ounce of passion for learning through concrete actions, and shield each child's developmental path with love.

Education is the key to changing destinies, while companionship is the strength that nurtures the soul. Since its inception, the "Ten Percent Companion Growth Supportive Service" has flourished on campuses, a testament to the trust and support received from all sectors of society.

Our steps into these schools will never cease. In the future, the Foundation will persist in taking practical actions to protect this precious enthusiasm for learning, serving as the most steadfast pillar of support for the students. We aspire not only to be a provider of resources but, more importantly, to be a true "companion" on their journey of growth—kindling a glimmer of hope with love, safeguarding each child's path, and accompanying them as they courageously soar toward a broader horizon.

# 10% After School Care 中學生義工團隊

始創於2023年，一個完全由中學生自主運作的公益志願團體，專門為小學生（6-12歲）提供課後課外活動。致力通過課後託管服務教育弱勢學生，他們深信這些活動對孩子的教育及個人發展至關重要，能夠大幅促進他們的學術成長與品格培養。因此，他們的使命是讓所有孩子都有機會接觸這些教育資源，擴大社會對健康、全面教育的可及性。

而持續支持更是計劃的核心亮點，每周定時開展的常態化活動課程，不僅帶來穩定的陪伴，更能對學童的成長產生深遠且積極的長遠影響。這一系列特別課程，既充實了學童的課餘生活，也為香港兒童樹立了溫暖且正向的成長榜樣。

在眾多中學生義工的共同努力下，他們首先開發了5個以STEAM為核心的課程，致力為基層小朋友培養敏銳、邏輯清晰的思維。他們非常重視讓學生親手實踐的體驗，並透過每堂課都帶回家的小「傑作」，讓學習變得既有趣又充滿成就感。至2025年更增多3個課程，包括：法律、音樂、疾病預防等等

透過這些課程，他們不僅希望為孩子們帶來一個充滿樂趣的學習環境，更希望在他们心中種下善良、尊重、好奇心，以及對學習的熱愛這些核心價值。

超過80位來自不同學校的中學生義工，包括：

# 10% After School Care Secondary Student Volunteer Team

## Introduction and Core Mission

Founded in 2023, the 10% After School Care Secondary Student Volunteer Team is a non-profit, student-led volunteer organization operated entirely by secondary school students. Dedicated to providing after-school and extracurricular activities for primary school students aged 6 to 12, the team strives to empower disadvantaged youth through comprehensive after-school care services.

Driven by the firm conviction that these activities are pivotal to a child's education and personal growth, the team focuses on significantly accelerating both the academic advancement and character development of their beneficiaries. Their overarching mission is to bridge the educational gap, ensuring that all children, regardless of socioeconomic background, have equitable access to vital educational resources, thereby enhancing the accessibility of healthy and holistic education across society.

## Sustained Support as a Core Highlight

Continuous and consistent support forms the cornerstone of this initiative. By conducting regular, weekly curriculum-based activities, the program provides steadfast companionship that fosters deep, positive, and enduring effects on the pupils' personal development. This thoughtfully curated series of special courses not only enriches the students' extracurricular lives but also establishes a warm, uplifting, and exemplary model of growth for children in Hong Kong.

## Curriculum Evolution and Pedagogy

Through the collective dedication of numerous secondary school student volunteers, the team initially pioneered five specialized modules rooted in STEAM (Science, Technology, Engineering, Arts, and Mathematics). These modules are strategically designed to cultivate sharp, logically rigorous analytical minds in grassroots children. Placing a profound emphasis on experiential, hands-on learning, the volunteers ensure that every lesson culminates in a tangible "masterpiece" for students to take home, rendering the educational journey exceptionally engaging and fulfilling. By 2025, the team expanded its horizons by introducing three additional subject areas: Law, Music, and Disease Prevention, enabling students to advance alongside societal shifts and absorb cutting-edge knowledge.

Beyond establishing a joyous and interactive learning environment, these meticulously designed courses aim to plant enduring core values in the hearts of the children—namely kindness, mutual respect, a keen sense of curiosity, and a lifelong passion for learning.

## Prominent Elite Secondary School Volunteers

The team comprises over 80 dedicated secondary school volunteers from various prestigious institutions, including:

Harrow International School Hong Kong   St. Paul's Co-educational College   La Salle College

## The Core Curriculum Structure

The innovative educational activities designed by the volunteer team offer a multi-faceted learning experience. Characterized by interactive, practical, and highly applicable pedagogy, the curriculum utilizes diverse instructional formats—including seminars, structured discussions, role-playing, educational games, scientific experiments, and artistic creations. This vibrant approach brings every lesson to life, guiding students to internalize core concepts and effortlessly apply them to real-world scenarios.

Addressing the rapidly growing demands of modern society, the curriculum consists of five core units, each spanning six lessons, supplemented by the new 2025–2026 modules ( Law, Music, and Disease Prevention)

## The 5-unit courses consist of 6 lessons in each unit:

### Unit 1: Concepts in financial and money management, and home safety knowledge.

In this unit, we provide an understanding of the concept of money, such as savings, borrowing and debt, as well as charitable donation and financial fraud. They will also learn about internet safety, to understand how to prevent data breaches, as well as what to do if they encounter critical situations when they are left alone. Students can enjoy interactive training, as the course covers a variety of contexts, including lectures, discussions, role-playing and game education, etc. It aims to introduce the course content in a simple and easy-to-understand manner, and help students to participate and interact through the simulation of real-life scenarios, and set questions to let them think and apply the skills.

### Unit 2: STEM Science Experiments.

In this unit, students will explore the five senses including sound, taste/smell, sight, and touch through interactive games. This helps cultivate students' love and curiosity for science, providing them to learn in a stimulating environment through fun and interactive experiences. The content of this unit is centered on experiments, and students will experience science through a fun and interactive environment. Classic experiments, such as elephant toothpaste, paper volcanoes, lava lamps and density towers, allow students the opportunity to explore, which helps increase their interest in scientific experiments, and lay the foundation for more in-depth science learning in the future.

### Unit 3: Arts and Crafts Courses.

This unit is designed to inspire students' creativity and allow them to explore topics that interest them through art, architecture, origami, and more. This unit will inspire students to pursue art and enhance their skills to express their creative thinking. Students can create according to their own interests and themes, and experience the joy of free expression and creation of artworks.

### Unit 4: Global health module

This unit teaches students about the importance of maintaining habits, maintaining hygiene, preventing disease and understanding the value of proper nutrition and regular exercise. Global health education can help familiarize elementary school students with pressing health issues, including disease, health care accessibility, hygiene, and nutrition. This enhances understanding of the health challenges faced around the world and how individuals/communities from different countries overcome these challenges, incorporating a variety of disciplines including science, geography, social studies and ethics.

### Unit 5: Engineering module

The purpose of this unit is to introduce students to engineering concepts and manufacturing for the first time, the uses and functions of simple machines, introduction to components and assembly, operating principles and functions of renewable energy, introduction to space exploration engineering and rockets, water purification and filtration and environmental engineering, Aerospace Engineering Aircraft Principles and Testing. Understanding engineering background benefits our world.

In the 2025 - 2026 academic year, the "Ten Percent Companion Growth Supportive Service III" introduced brand-new subject modules, including Law, Music, and Disease Prevention. These additions ensure that students evolve alongside societal shifts while consistently absorbing cutting-edge knowledge.

This series of courses brings rich and interesting learning experiences to Catholic primary school students, helping them develop their abilities and potential in money management, scientific exploration and artistic creation. The goals of these courses are to inspire students to learn, develop their interests and skills, and lay a solid foundation for their future learning and growth.

## Asian Foundation for the Prevention of Blindness 45th Anniversary Charity Dinner

Since its inception in 1981, The Asian Foundation for the Prevention of Blindness has spent forty-five years dedicated to providing medical assistance, promoting blindness prevention education, and sponsoring advanced ophthalmic equipment-such as mobile eye surgery clinics-for underprivileged visually impaired individuals across Hong Kong, Mainland China, and the wider Asian region. Their tireless efforts have successfully restored sight and brought hope to countless patients navigating the darkness.

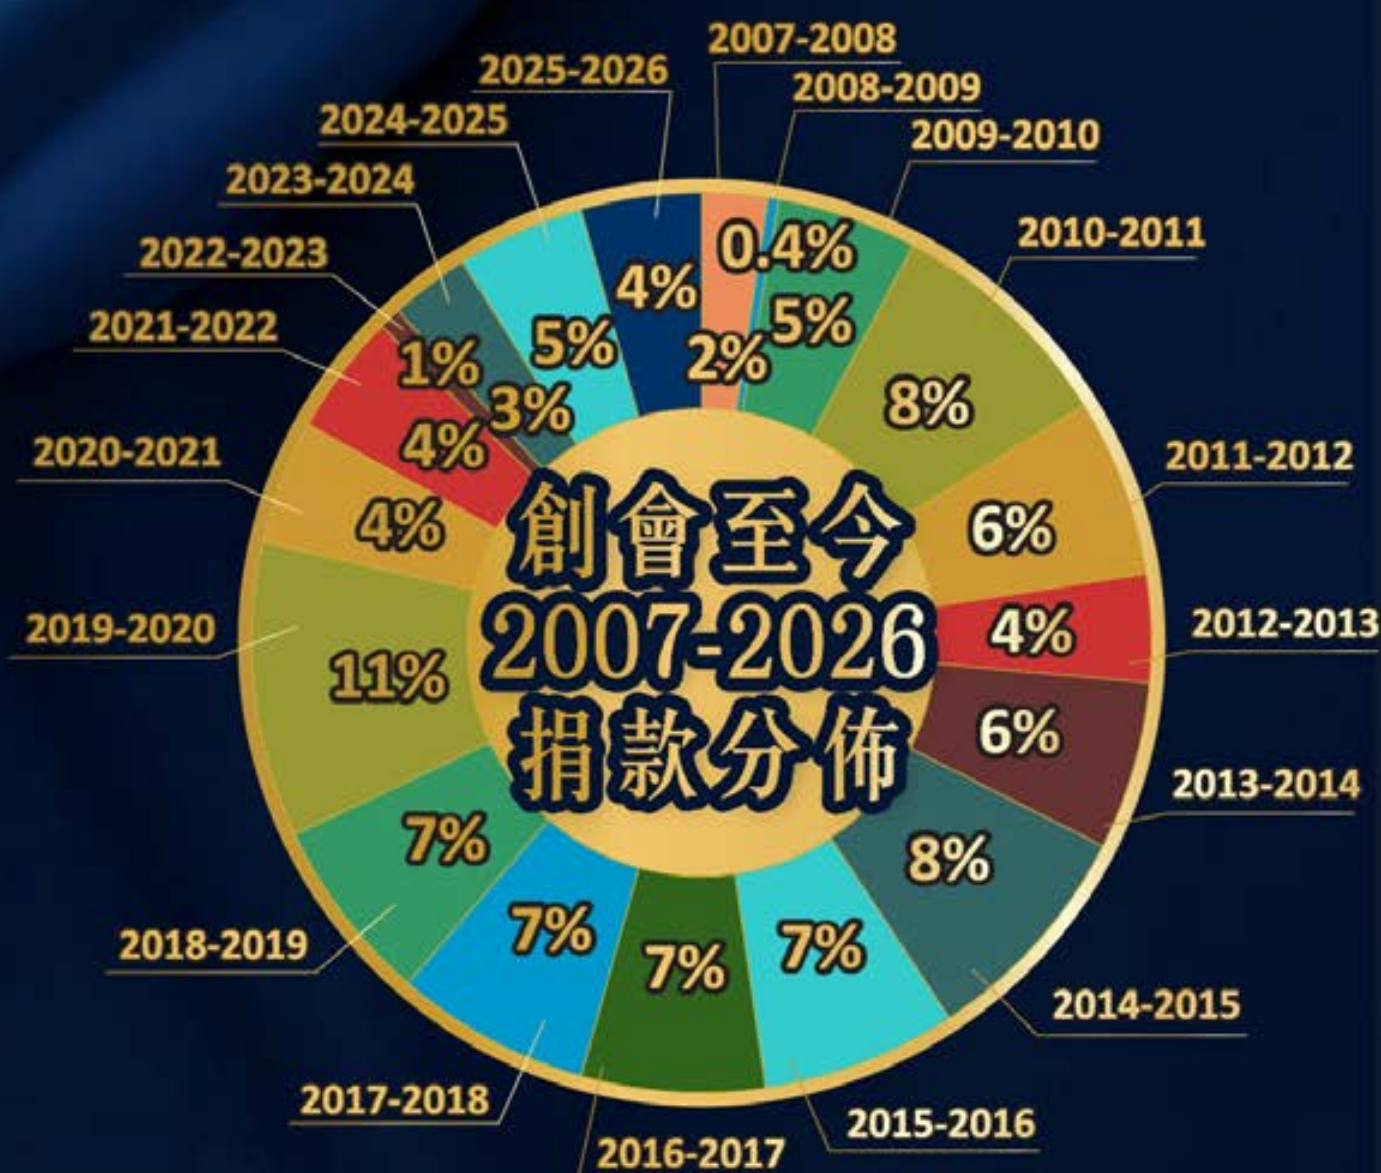

To commemorate this significant 45-year milestone of selfless service, the Asian Foundation for the Prevention of Blindness hosted its "45th Anniversary Charity Gala" on the evening of Thursday, January 8, 2026, at Hotel ICON, located at 17 Science Museum Road, Tsim Sha Tsui East. This grand event brought together philanthropic forces from all sectors of society to mobilize critical charitable resources and further advance future sight-restoration initiatives.

To pay the highest tribute to the Asian Foundation for the Prevention of Blindness's nearly half-century of invaluable contributions and to provide tangible support for the cause of blindness prevention, the Ten Percent Donation Scheme Foundation specially sponsored a charitable banquet table for the evening. Executive Committee members of our Foundation took time out of their schedules to attend the gala, joining fellow philanthropists and community leaders to celebrate this milestone and exchange insights on meaningful social work.

Through this steadfast support, the Ten Percent Donation Scheme Foundation hopes to inspire greater public awareness and care for eye health and the visually impaired community. Moving forward, the Foundation remains dedicated to walking hand-in-hand with outstanding charitable organizations, collectively contributing to a healthier, more harmonious, and compassionate society.
